

# Kid's Castle: The Story

The family at KID'S CASTLE is unique. It includes a King, a Queen, a Knight, a Jester, a Wizard, and, of course, a Dragon, but they aren't your typical bunch. The Dragon decided he was tired of doing typical dragon things - breath fire, fight with knights and scare people. Instead, he wanted to go to California and make pizza for kids. But what would this do to the family and their royal reputation? Could he even make pizza? He gathered the family to tell them, and everyone agreed it was a great opportunity!

They packed up the castle and moved to Burbank, where they turned the castle into a restaurant: they outfitted the stone edifice with games they designed (based on ancient traditions, of course), tables and chairs they built, and a menu created by the Dragon that includes delicious food kids AND grown-ups love!

Since the castle is also home, please excuse the socks on the floor by the sloppy King, the Queen's bad jokes, the Wizard's unprompted floorshows, the Knight's clumsiness, and the Jester's latest attempt at filmmaking. It's worth it just to be inside this magical, family-friendly place where everything is fun and unexpected!
